

20240820\_AIRACE #AC-10紙卡\_\_90x180mm(參考刀模GC-08CD)

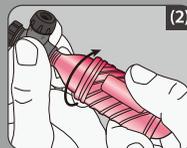

LENGTH : 3,5 cm  
WEIGHT : 28 g

**AIRACE**

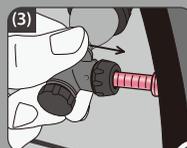

### INSTRUCTION

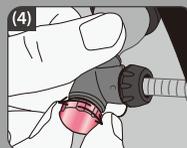

Before using, make sure the control cap is locked.

Screw on the cartridge to the end to punch it.

Engage into the tire valve.

Adjusting volume by twisting the control cap.

- \* 空氣の流れを正確に制御し、ガスシリンダー挿入時の初期ガスの流出を予防
- \* コントロールつまみによりガスの流出を制御
- \* 仏式と米式ノズルに適用

- \* 精準氣流控制，插入氣瓶時，可預防初期氣體流出
- \* 透過控制旋鈕來控制氣體流出
- \* 適用法式嘴與美式嘴

- \* Precision Gas Control: prevent premature CO2 leakage upon cartridge insertion
- \* Control cap easy to control air flow
- \* Fit for Presta and Schrader
- \* Fit for Co2 cartridge w/thread
- \* Attach with 16g/ 20g cartridge cover

- \* Gonflement précis au gaz : empêche les fuites prématurées de CO2 à l'insertion de la cartouche
- \* Capuchon de réglage du débit facilitant le débit d'air
- \* Compatible avec Presta et Schrader

- \* Präzise Gaskontrolle: Verhindert frühzeitiges Ausströmen von CO2 beim Einsetzen der Patrone
- \* Kontrollkappe für einfache Kontrolle des Luftvolumens
- \* Geeignet für Presta und Schrader

- \* Controllo di precisione della fuoriuscita del gas: previene la perdita prematura all'inserimento della cartuccia
- \* Cappuccio per controllare facilmente il flusso dell'aria
- \* Adatto a valvole Presta e Schrader

- \* Controle de gás de precisão: evitar vazamento prematuro de CO2 após a inserção do cartucho
- \* Tampa de controle fácil de controlar o fluxo de ar
- \* Adequado para Presta e Schrader

- \* Control de gas de precisión: Evita fugas prematuras de CO2 al insertar el cartucho.
- \* Regulador para controlar el flujo de aire fácilmente.
- \* Apto para válvulas Presta y Schrader.
