

**FIT REGULAR**

Zylinder aus Aluminium mit elegantem, doppelt anodisiertem Überzug

**FIT CNC**

CNC-Aluminiumpumpenkopf

**FIT CARBON**

Carbonzylinder

**Teile:**

- Pumpenkopf mit herausziehbarem Schlauch zum Schutz des Reifenventils beim Aufpumpen
- Aluminiumhebel
- Leistung bis 7 bar (100 psi)
- Taschengröße, praktisch für unterwegs
- Staubkappe

**FIT REGULAR**

Corps en aluminium avec une élégante double finition anodisée

**FIT CNC**

Tête de pompe en aluminium CNC

**FIT CARBON**

Corps en carbone

**Caractéristiques:**

- Tête de pompe avec raccord extractible pouvant protéger la valve du pneu lors du gonflage
- Levier aluminium
- Pression maximum de 100 psi (7 bars)
- Format de poche, pratique pour le transport
- Capot anti-poussière

Quick inflating mode

Valve protect inflating mode

**FIT REGULAR**

Tambor de aluminio con elegante acabado anodizado doble

**FIT CNC**

Cabeza de bomba de aluminio CNC

**FIT CARBON**

Tambor de carbón

**Características:**

- Cabeza de bomba con manguera extraíble para proteger la válvula del neumático de daños al inflar
- Palanca de aluminio
- Presión máx. 100 psi (7 bar)
- Tamaño de bolsillo, fácil de transportar
- Tapón

**TAGLIO REGOLARE**

Barile in alluminio con doppia finitura anodizzata elegante

**TAGLIO CNC**

Testa pompa in alluminio CNC

**TAGLIO CARBONIO**

Barile in carbonio

**Funzioni:**

- Testa pompa attaccata con tubo estraibile che protegge la valvola degli pneumatici dal danneggiamento durante il gonfiaggio
- Leva di alluminio
- Pressione max 100 psi (7 bar)
- Tascabile, comodo trasporto
- Coperchio antipolvere

**FIT REGULAR**

鋁合金氣筒表面高雅雙色陽極處理

**FIT CNC**

精密CNC加工，鋁合金風嘴頭

**FIT CARBON**

碳纖維汽缸

**產品特色:**

- 附隱藏式膠管的風嘴頭，打氣時可保護輪胎氣嘴不受到損壞
- 鋁合金指壓鎖柄
- 最高壓力100psi (7 bar)
- 口袋型尺寸，易於攜帶
- 防塵蓋

1. Clip the pump into the bracket
2. Go around the pump with the rubber band on the bracket, and then fix the rubber band to the hook of the bracket.

PRESTA and DUNLOP

NORMAL

**FIT REGULAR**

Alum barrel with elegant double anodize finish

**FIT CNC**

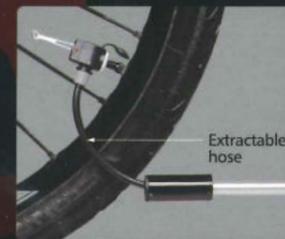

CNC Alum pump head

**FIT CARBON**

Carbon barrel

**Features:**

- Pump head attached with extractable hose which can protect tyre valve from damage when inflating
- Alum lever
- Max. pressure 100 psi (7 bar)
- Pocket size, convenient for carry
- Dust cap

**Pump head attached with extractable hose** can protect tyre valve from damage when inflating
